

Payment with card

Fakopp Enterprise Bt. Became a partner of 

Accepted cards:

Attention! In case of Maestro and Visa Electron cards, the issuer bank defines the card's internet usability. If accepted by the bank, our system is capable of accepting it.

To pay online, first please fill out the order form, and then contact us at office@fakopp.com . We will reply with a unique payment link.

After clicking on the link, you will be redirected to the secure payment processing page of "simple pay". Here you will be able to enter your billing and credit card information and authorize the payment.

Please note that all credit card information is handled separately and safely by the payment processor (OTP Mobil Ltd., 1093 Budapest, Közraktár u. 30-32), and we will not have access to it. The billing information however is shared with us, as we need it to finish processing your order.

Here is the step by step guide on how to pay for your order:

After contacting us at office@fakopp.com, you will be sent a link, which will look similar to this:

<https://secure.simplepay.hu/payment/...>

Please follow the link to the payment page.

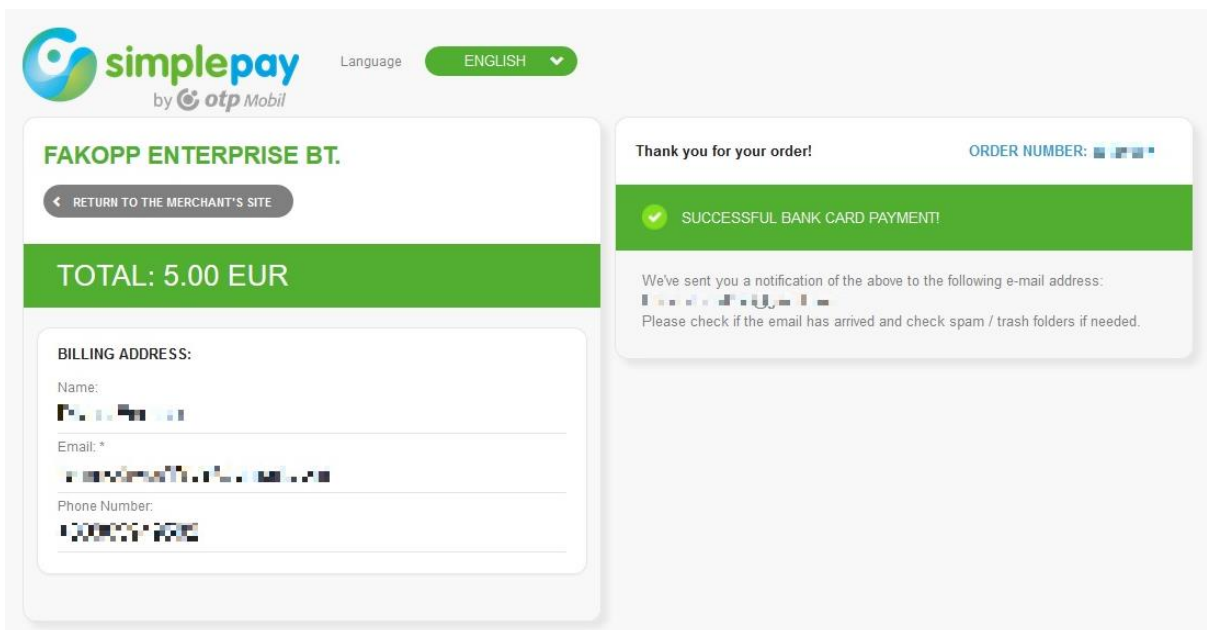

The screenshot shows the Simplepay payment interface. On the left, the merchant name is 'FAKOPP ENTERPRISE BT.' and the total amount is '5.00 EUR'. Below this is a 'BILLING ADDRESS' section with fields for Name, Email, and Phone Number. On the right, there are two radio button options: 'I pay via a bank card' (selected) and 'I pay via a card saved in Simple'. The card payment form includes a card number field (masked as 'XXXX XXXX XXXX XXXX'), a cardholder's name field, an expiration date field (MM / YY), and a CVC/CVV field (123). There is also a checkbox for signing up for a Simple account and a 'PAYMENT' button at the bottom.

Fill in all the data required. Billing address and card data are necessary.

This screenshot is similar to the previous one but with a language selection dropdown menu open. The menu lists 14 languages: Български, Čeština, Deutsch, English, Español, Français, Italiano, Hrvatski, Magyar, Polski, Română, Русский, Slovenčina, and Türk. The rest of the page, including the merchant name, total amount, and payment form, remains the same.

The language of the page can be set to 14 different languages. Please choose the proper one.

After filling the data please press “PAYMENT”.

If the payment was successful, the following screen appears.

As the payment status turns into successful, Fakopp Enterprise Bt. will inform you as well.
